Our Mission:

Girl Scouting builds girls of courage, confidence and character, who make the world a better place.

Girl Scout Camp Goals

- At Girl Scout camp we provide opportunities for all campers to develop a sense of responsibility, qualities of leadership and an awareness of the capacities of all people.
- At Girl Scout camp we provide activities to all campers designed to develop resourcefulness, initiative, self-reliance, and recognition of the worth and dignity of each individual.
- Girl Scout Camp stimulates each camper's awareness of the scope of nature and develop a sense of responsibility for its conservation and its resources.

Diversity and Inclusion at Girl Scout Camp

Girl Scouts has a strong commitment to inclusion and diversity, and we embrace campers of all abilities and backgrounds into our wonderful sisterhood. Inclusion is at the core of who we are; it's about being a sister to every Girl Scout and celebrating our unique strengths. Girl Scouts welcomes all girls to our camps, regardless of race, ethnicity, background, disability, family structure, religious beliefs, sexual orientation, gender identity, and socioeconomic status. If a girl is recognized by her family, school and community as a girl and lives culturally as a girl, Girl Scouts is an organization that can serve her in a setting that is both emotionally and physically safe.

Health and Safety

The first concern of all camp staff is the health and safety of the campers. All staff members participate in pre-camp training to prepare them for the summer. Camp Amahami is permitted by the New York State Department of Health in Broome County and is inspected each year. Additionally Amahami meets the health and safety requirements of GSUSA. A First Aider with CPR/AED certification is provided during this program.

Medications

Council policy will be followed; the full policy is available [here](#) on page 10. All medications (prescription and over-the-counter) must be in original container, with original label. OTC medications must be labeled with the individual's first and last name. The troop's designated volunteer will collect all medications from their troop members, verify the written order* from the health care provider along with the health history form, and rectify inconsistencies with the parent/guardian. Individual prescribed emergency medication (i.e. Epi-pens, asthma inhalers) should be carried by the individual. Medications will be stored in a locked area accessible only by the designated volunteer. Controlled substances (narcotics) and syringes will be double-locked (i.e. locked in a box, locked in a cabinet). All medication will be self-administered under the supervision of the designated volunteer. *Written order from a health care provider is required for all medications (prescription and OTC). Written orders MUST include: Patient's name and DOB; name of medication; dosage and route; frequency and time; date written; prescriber's name, title signature and telephone number; for as needed (PRN) medications, conditions for which they should be administered.

Dietary Needs

All meals are provided during your stay. It is our goal to ensure that every camper has an enjoyable experience while at camp. Please be sure any allergies or dietary restrictions are indicated on your registration so we can accommodate. Please contact the Camp Director as soon as possible to discuss any concerns you may have regarding diet accommodations while at camp.

Sleeping Arrangements

Troops will be assigned to a cabin or platform tent unit at check-in. All cabins and tents have cots with mattresses—please bring your own bedding. If your troop would like to be in the same unit as another troop, please contact the Camp Director.

Merchandise Pre-Order

[Pre-orders](#) for Camp Amahami t-shirts and bundles are available until May 10. You will receive your pre-ordered merchandise at check-in.
